1. Trust Land Funds

Mr. Robinson reviewed the plan and examples of where the funds should be allocated. Each member in attendance signed the agreement form. A new summary from the state will be emailed to everyone after final submission.

2. Haiti Fundraiser

Healing Hands for Haiti sent a letter of gratitude for the funds sent to them from our fundraiser. It was a very successful evening.

3. Nature Trail

After much discussion and research, the nature trail project is at a standstill. This would be a lovely Eagle Scout Project for any boy that would like to help. Nancy will submit a little blurb for the PTA newsletter. Mr. Robinson will check with the custodian about the status of water lines.

The meeting was adjourned until May 17, 2010.
